ZONING CHANGE SUBMITTAL CHECKLIST

Zoning Change Application Requirements

When requesting a zoning change for a piece of property, you must first do the following:

- Identify the current and proposed zoning for the property.
- The property must first be zoned before moving forward with the platting process.
- The zoning change must be approved by the Planning and Zoning Commission. A public hearing will be held for the Planning and Zoning Commission to make a recommendation to City Council.
- The recommendation of the Planning and Zoning Commission will then be taken to the City Council for final approval or denial; a public hearing will also be held at this time.

If Required

- Once approved for the zoning change, the proposed structures and infrastructure (water, sewer, electric lines, etc.) must be approved by the City Engineer.

Engineer Signature: _____ Date: _____

- The fire lines, fire lanes, and sprinkler systems and the new structure(s) must be approved by the City Fire Marshal before the Certificate of Occupancy can be issued.

Fire Marshal Signature: _____ Date: _____

- The safety and construction (plumbing, mechanical, electrical, etc.) of the new structure(s) must also be approved by the City Building Inspector before the Certificate of Occupancy can be issued.

Inspector Signature: _____ Date: _____
